EXPERIENCE & LEADERSHIP

Elecon Engineering Co.

Apr 2023 – Mar 2024

WEB DEVELOPER

During this period, I developed responsive and user-friendly websites using .NET, C# and SQL Server.

- Set-up initial dashboard and tools to support regular operations and simplify workflows
- Connected frontend with backend services through API integration and maintained data using SQL Server
- Coordinated with teams across departments to roll out new features on time using Agile practices
- Improved website performance, resolved bugs and ensured it worked well on all browsers and devices

Natubhai V. Patel College of Pure and Applied Sciences.

Apr 2022 – Mar 2023

SECRETARY OF COLLEGE

- Served as a college secretary and managed administrative duties, contributing to campus activities
- Coordinated with student leaders of Music Dance and Theatre, NSS, NCC, Women empowerment and sports to organize successful college events
- Received an award from the Chairman of the university for successfully managing Annual function, talent evening and 5th Anniversary celebration of the university

EDUCATION

Illinois Institute of Technology

Aug 2024 – Present

Masters in Information Technology and Management

The Charutar Vidya Mandal University

Apr 2020 – Mar 2023

Bachelors in Computer Application

- **GPA:** 3.43

ACHIEVEMENTS

- Secured second rank in highly competitive quiz in "Tech arena event" held in Rajkot, Gujarat, India on February 28, 2023.
- Declared best group project by the Head of the Computer Science Department in 5th Semester. The project was all about to develop full stack website using server-side scripting technology.
- We developed "Hospital Management System" using .NET & C# and SQL Server as a database.
- Successfully deployed my first project on cloud in my 2nd semester of my master's using TypeScript, TailwindCSS and Postgres.
